

LITHUANIA

**WHY
LITHUANIA?**

Lithuania is a **business friendly country**

Very **high Human Development Index (HDI)**

Very **high standard of living**

33rd in the overall Prosperity Index rankings.

Competitive tax system

World-class infrastructure

Booming digital economy

Progress in **innovation**

Good work-life balance

fastest and cheapest internet connection in the

European Union

Top Strategic Technology Trends for 2022

- Many western companies have offices in Lithuania, since labor costs and taxes are well below Western European standards
- Whether you'd like gain work experience to while studying in Lithuania or you're thinking of starting a business of your own, Lithuania is a great place for either.
- Average salary in Lithuania is 1275Euros/month, Highest salaries are found in the city of Vilnius
- Main Industries- Petroleum refining, food processing, energy supplies, chemicals, furniture, wood products, textile and clothing.
- Offers excellent academic institutions with innovative facilities and rich student life.

World outsource to Lithuania

From Fortune 500

From Top 100 IT Services Companies in USA (Inc.com)

Global Outsourcing 100 by the International Association for Outsourcing Professionals.

About *the country*

- The Republic of Lithuania
- Schengen Country
- Country in the Baltic region of Europe
- One of three Baltic states and lies on the eastern shore of the Baltic Sea
- Capital : Vilnius
- Currency : Euro
- Language : English , Lithuanian
- Population : 27.9 Lakhs
- Stay back : 1 year

Eligibility – 60%

IELTS not Mandatory

Show fund- Approx. 6 to 7 Lakh

Max age accepted - Masters 30 years

Bachelors -25 years

❖ DOCUMENTS REQUIRED:-

- ❖ CV
- ❖ PHOTO
- ❖ PASSPORT
- ❖ SOP
- ❖ LOR
- ❖ MOI
- ❖ ACADEMIC DOCUMENTS
- ❖ IELTS (if required)
- ❖ PCC

Kaunas university of technology

- Kaunas University of Technology (KTU) is a public research university located in Kaunas, Lithuania. Established on January 27, 1920
- KTU is the most internationally oriented university in Lithuania

It has cooperation agreements with more than 350 higher education institutions in 50 countries of the world.

Student and staff exchange and “Erasmus+” inter-institutional agreements allow the University to develop strategic partnerships with foreign institutions in studies and research

- The University has the first local academic startup incubator KTU Startup Space.
- KTU scientists are creating **innovative device which can prevent aircraft accidents**
- KTU not only provides students with knowledge but also drives **innovation** that continues to amaze Lithuania and the world.
- KTU students are very active participants of the national competition for the **internship at NASA** has been organizing the internship for student since 2014. This is clear demonstration that studies at KTU are based

STUDY PROGRAMS OFFERED

BACHELOR PROGRAMMES	DURATION	FEES (PER YEAR)
BSC Informatics	4 Years	EUR 3727
BSc Aviation Engineering	4 Years	EUR 3727
BSc Chemical Technology and Engineering	4 Years	EUR 3727
BSc Civil Engineering	4 Years	EUR 3426
